Kailee Gardiner, Deputy CAO – Development
Date: August 22, 2023
Re: New website - haisla.ca

We are excited to announce that we are currently in the process of building a new website. The upcoming website will offer information on Haisla Nation Council's programs, services, and department contacts. The new design will be user friendly and organized in an easy to navigate format. It will also offer a Membership Portal where membership can log in to view membership only content. Another new edition will be fillable forms that can be completed online and emailed directly to the appropriate department. There will also be an option to print forms for those who may be more comfortable with the pen and paper process. While we welcome the new changes it is important to add some of the content will remain the same as it is still current.

Overall, the goal of the new website is to offer accessible information to Haisla membership and to reduce the use of the Haisla Nation – HNC Facebook group page to a point where it can be used as an information only resource. This will eliminate a third party going back and forth between departments and commenter seeking answers and encourage a direct approach using email, telephone, or face-to-face meetings. It has been established that addressing matters on social media may not be the most constructive approach and to ensure a respectful and effective resolution, members are encouraged to follow the established communication channels that has been previously shared.

We are working toward perfecting the new website and will keep you posted on our progress. Stay tuned for more updates on this exciting digital endeavor.

Thank you.
